

Payroll Risk & Evidence Review

Organisation: Example Client Pty Ltd

Review period: Review period not clearly identifiable from supplied module outputs

Report prepared as at: 24 Feb 2026

This report highlights potential risk signals and process issues based on the data provided. It does not constitute legal, accounting, or industrial relations advice.

1. Executive Summary

This engagement reviewed payroll and HR data across the following modules:

- None

The review identified risk indicators across payroll outcomes, termination processing and record-keeping defensibility.

Severity reflects relative evidential or payroll risk only. Findings are indicators requiring validation and do not, on their own, confirm underpayment, non-compliance, or legislative contravention.

Summary of Risk Indicators

Who should read this

This report is intended for:

- Payroll leaders
- HR managers
- Finance stakeholders
- Risk and compliance personnel responsible for payroll governance and evidential integrity

2. Data Sources

This review was generated from the following analysis outputs within the project `outputs/` directory:

These outputs were produced by rule-based checks over payroll and HR CSV extracts supplied by the organisation for the review period.

3. Scope & Methodology

Scope & Methodology

Modules included in this engagement:

- None specified
-

No scoped modules were included in this run.

4. Limitations & Assumptions

This review is subject to the following limitations:

- Calculations assume the underlying pay rates, loadings and multipliers are correct in the source systems.
 - Award and enterprise agreement interpretation is not performed by this tool.
 - Holiday calendars, leave rules and accrual settings are assumed to reflect the organisation's intended configuration.
 - Data quality issues (missing records, duplicates, inconsistent identifiers) may affect the completeness and accuracy of the results.
-

5. Recommended Next Steps

Recommended Next Steps

1. Prioritise validation of **High** severity findings.
 2. Review affected employee records and reconstruct balances where necessary.
 3. Correct any identified configuration or process issues in payroll and HR systems.
 4. Consider remediation where confirmed underpayments have occurred.
 5. Re-run the review after corrections to confirm that leakage has been addressed.
-

6. Appendices

Appendix A – Rule Definitions

This review used a set of automated rules to flag evidential and process risk indicators.

Appendix B – Data Fields Used

Key data fields referenced in this engagement include:

Appendix C – Machine-readable outputs

Complete machine-readable outputs are available in the following files:

These files provide row-level detail suitable for operational review, sampling, remediation planning, or incorporation into a broader audit work program.
